

PRESS RELEASE

Belice series

The aim of the design of the new Belice porcelain series is to create an ambience inspired by nature. **Belice** transmits beauty with its elegant and discreet style, whose imperfections echo the charm of nature itself.

This wood effect porcelain tile series is available in three base colours, Noce, Natural and Carbón, and in the extraordinary sizes of 26x180 cm, 19,4x120 cm y 10x59,3 cm, and also in a hexagonal shape of 51,9x59,9 cm.

The series is completed, in addition, with some different designs inspired by the artisanal technique of marquetry: the **Gorbea** porcelain tile in 80x180 cm format, and the **Krabi** design in 120x120 cm, both available in the three colours of the series. The **Vail-R** porcelain tile (in the Natural, Noce and Carbon versions) in 80x80 cm format with a delicate braided design; the **Syote-R Multicolor** also in 80x80 cm format inspired by geometric prints; and finally, the **Agadir-R** model (60x120 cm) that emulates the effect of the spiked wood in the colours Natural, Noce, Coal and Multicolor.

The diversity of formats and styles makes the series highly adaptable for all types of applications, from the most innovative to the more traditional spaces.

Verbier

Nature in its most glamorous and decorative version is the inspiration for this new porcelain tile collection made up of marble effect.

With a pearl-like base and powerful veins, **Verbier-R**, make up the final offering of this sophisticated marble with soft and calm features. This refined design radiates the classic beauty of the noble material and, its matte finish

generates beautiful effects on the surface and accentuates the elegance of the room.

This model is produced in the large sizes of 120x120 cm, 60x120 cm and 19,4x120 cm rectified, which reduce the number of joints on the surface and multiply the spatial amplitude. It is also available in 10x59,3 cm, in a hexagonal format of 51,9x59,9 cm and finally, the **Tulum** special piece completes the series. Inspired by the peculiar shape of fish scales, Tulum porcelain tile is made in 36,4x33,7 cm. format, allowing it to combine with each other and multiplying the design possibilities of the collection.
